

Standard Size 5-String Violin

Based upon a 1716 Stradivarius pattern but with a 5-string neck. The back is hand-carved from carefully selected well-flamed, book-matched maple with matching flamed maple ribs. The top is carved from fine-grained book matched Colorado Englemann Spruce. Finely inlaid purfling, well-cut f-holes and pleasing corners. Ebony fittings and reddish-brown oil varnish. Sweet resonant sound with great response, clarity and volume. An excellent violin.
